New natural gas rates

For a typical customer the total annual bill decrease will be \$1.55. The total impact on your bill will depend on how much gas you use.

The OEB has approved a temporary price adjustment to reflect the difference between the amount customers paid for energy conservation programs (DSM) from Jan. 1, 2017 to Dec. 31, 2018 and the actual costs incurred. This will appear on customers' April to September bills, and for a typical Rate 01 - Union North West customer the total refund will be \$9.03.
