

Balancing Transactions Fee Schedule – Effective February 1, 2019

For Rate T1/T2/T3 customers, the net result of the balancing transaction and other storage activity will determine injection/withdrawal charges. If the net storage activity results in storage injection or withdrawal overrun, the overrun is deemed unauthorized unless the customer requests authorized injection/withdrawal overrun and Union approves in advance.

In-Franchise Transfer (IFT)

FROM	TO			
	South BT (\$)	South T1/T2/T3* (\$)	North West BT (\$)	North East BT (\$)
South BT	0.027/GJ	0.027/GJ	0.037/GJ	0.037/GJ
South T1/T2/T3*	0.003/GJ	0.003/GJ	0.013/GJ	0.013/GJ
North West BT	1.570/GJ	1.570/GJ	0.027/GJ	1.570/GJ
