Attention: <SHIPPER REPRESENTATIVE>

This Enhanced Short Term Peak Storage Service Agreement (“**Agreement**”) incorporates all of the terms and conditions of the Interruptible Service Hub Contract (HUB _____) (the “**Contract**”) between Enbridge Gas Inc. (“**Enbridge**”) and <SHIPPER NAME> (“**Shipper**”). All terms and conditions contained in the Contract, and any Schedules referenced by the Contract as amended from time to time, shall apply to this Agreement, unless specifically set forth herein. During the term of this Agreement, the Contract may not be terminated by Shipper or Enbridge, except as defined in the Default and Termination section of the applicable General Terms and Conditions. In the event of any conflict or inconsistency between the terms and conditions of the Contract and those of this Agreement, the terms and conditions of this Agreement shall supersede and take precedence over the Contract.

1. Enbridge shall provide Shipper an Enhanced Short Term Peak Storage Service (the “**Service**”) at <POINT>, for the period of <START DATE> to <EXPIRY DATE>, for a quantity of up to _____ GJ (_____ MMBtu) (the “**Maximum Storage Balance**”).
2. Shipper agrees that the balance of the Storage Account must be zero (0) on <DATE>.
3. Maximum Daily Injection Demand:
From <DATE> through and including <DATE>, a daily quantity up to _____ GJ (_____ MMBtu) (____% of the Maximum Storage Balance) on a firm basis.

Enbridge shall under no circumstances be obligated to receive a quantity of gas in excess of the lesser of (i) the firm portion of the Maximum Daily Injection Demand; and (ii) the firm portion of the Maximum Daily Injection Demand that would cause the Storage Account to exceed the Maximum Storage Balance. Enbridge agrees that it shall, upon the request of Shipper, use reasonable efforts to accept receipt of greater daily quantities, on an interruptible basis, if present or possible future operating conditions permit in Enbridge's sole discretion.

4. Maximum Daily Withdrawal Demand:
From <DATE> through and including <DATE>, a daily quantity up to _____ GJ (_____ MMBtu) (____% of the Maximum Storage Balance) on a firm basis).

Enbridge shall under no circumstances be obligated to deliver a quantity of gas in excess of the lesser of (i) the firm portion of the Maximum Daily Withdrawal Demand; and (ii) the firm portion of the Maximum Daily Withdrawal Demand that would cause the Storage Account balance to be reduced below zero (0). Enbridge agrees that it shall, upon the request of Shipper, use reasonable efforts to deliver greater daily quantities, on an interruptible basis, if present or possible future operating conditions permit in Enbridge's sole discretion.

5. Should Shipper fail to comply with the requirement set out in Section 2 herein, any balance

remaining shall be removed immediately from this Agreement and transferred to Shipper's Balancing Account under the Contract, and will be subject to the associated charges required to complete the transfer. The quantities will automatically be deemed to be in an Extension Period under Section 2.01 C (iii) of the Contract and shall be subject to the rates and terms of an Extension Period as set out in Schedule 2 of the Contract and the provisions of Section 2.01 C (iii) of the Contract.

6. Shipper agrees to pay Enbridge for this Service herein:

- (a) a demand charge of \$ _____ <CURRENCY>, which shall be invoiced in <number (#)> equal monthly installment(s) of \$ _____ <CURRENCY> for the months of <MONTH, YEAR> to <MONTH, YEAR> inclusive; plus
- (b) after Shipper has injected into and withdrawn from the Storage Account a cumulative quantity equal to two (2) times the Maximum Storage Balance, any further quantities injected into or withdrawn from the Storage Account shall be charged at \$ _____ <CURRENCY>/GJ (\$ _____ <CURRENCY>/MMBtu).

7. This Agreement will take effect immediately.

All quantities will be converted to GJ for billing purposes. Conversion: 1 MMBtu = 1.055056 GJ. Unless otherwise stated, all dollars are Canadian dollars.
